Subject: Bid Tabulation for Hardware for GIS Project

Carol,

Enpointe's Bid did not include the Fiber Channel drives for the 6040 san as listed in the requisition and the SAS drives they quoted will not fit in the N-Series SAN to be considered as an alternative solution.

Only Sirius has a complete bid with the appropriate parts listed.

Please move forward with purchasing these items from Sirius.

Thanks again for working through the details on this and the excellent job putting the 4 bids in an easy to compare format, it made this a very easy process.

Thanks again,

Larry
